MOTION TO HAVE THIS ABOVE QUOTATIVE STATEMENT DENIED
FROM BRIEF FOR DEFENDANTS=APPELLEES, as there is no
mention of these parties in my complaint, Pre=Argument
Statement, Appendix or Appeal. Moreover, every case is
different and must be disputed on its own merit in the
way that people receive different sentences for same crimes,
example, sedition, one person might receive capital punish=
ment, another life imprisonment. No two cases are identical.

Note: The word "Adickes" to me reminds me of the word
"Addicts." February 1967 mother reported to 5th Police Precinct
robbery of apartment - taken were money and personal effects
items, only one food item - several cans of beans. kept behind were
heroin needles syringe - Narco - as in NARCO PUBLICATION

FIRST COMMENT,

on Page 2 of "Brief For Defendants=Appellees,"

Attorneys proceed to inaccurately spell Todhunter,

separating it as two instead of one word, a thing

which could be criminal if it were in reference to the

license of an alleged hit and run driver, and should not

be considered less important in this case.

COMMENT TO STATEMENT OF THE ISSUE,

Correction, complaint states a claim upon which relief should be granted, consult additional papers, Pre-Argument Statement, Appeal, *Appendix, Complaint.*

COMMENT TO STATEMENT OF THE CASE,

On February 13, 1975, defendants=appellees sought to move for dismissal of the complaint pursuant to F. R. C. P. 12 (b) (6), consult Appendix to the actual communication, and note the date of 28th of February 1975 at 2 o'clock in the afternoon to appear before Judge Whitman Knapp in room where he presides court. QUESTION: Can an appointment be made without knowledge of prior dismissal. Can Attorneys produce the card with notice of entry to verify post date mark and court date mark? Note the two o'clock as in the Dec. 16, 1974 New Yorker magazine illustration, drawn by Saxon (for this exhibit see Complaint) only ten days after death of Danielle Hunter at age eight residing in New Jersey house number 243 (2) (43) = 86 the age my great grandmother died in ~~April~~ ^{August} of 1947 shortly after walking in on thieves ransacking her home, the incident upset her so within days she died, residing on Water Street. Maute killed Danielle Hunter, unjumbled spells Mu Tea.

On February 28, 1975 I entered Judge Whitman Knapp's chamber and watched cases before me only because I was told

Feb. 4, 1974 date Patricia Hearst was kidnapped. } 7/2/73
part.

thrown into the trunk of a car, grandmother's maiden name Elfant. She had been with boyfriend Tweed the same last name as one of the Attorneys representing the Rockefeller family.

ON PAGE 4 OF BRIEF FOR DEFENDANTS=APPELLEES, quote:
 "On February 20, 1975, the Court's order with notice of en-
 try was served on Plaintiff+=Appellant == why then did
 Attorneys for Rockefeller family on the 13th of February
 send me a statement of a meeting to be held before Judge
 Whitman Knapp at two o'clock on February 28th 1975?

THE COMPLAINT WAS DISMISSED, PROPERLY, IS A MATTER OF OPINION AND SHOULD BE DENIED FROM BRIEF FOR DEFENDANTS= APPELLEES on the basis that 48 hours would be impossible to investigate all the material in the complaint for accuracy and or inaccuracy, therefore improperly dismissed in the same way that Todhunter was improperly typed repeatedly as two distinct words when it should have been one.

On page 5 of the Brief For Defendants=Appellees, the
entire page should be ~~XXXXXXX~~ DENIED on the basis that it is
redundant, consult Appendix for:

"MEMORANDUM IN SUPPORT OF MOTION TO DISMISS
PURSUANT TO RULE 12 (b) (6),"

In which I also gave reply, consult Appendix for:

"MEMORANDUM IN SUPPORT OF NOT DISMISSING COMPLAINT."

The only non=redundant part on Page 5 is the last
statement: "Adickes v. S. H. Kress & Co., 398 U. S. 144
(1970)," which should also be denied as my case has no=
thing to do and is in no way similar for comparison nor has
the case of Adickes v. S. H. Kress & Co., been mentioned in
my Complaint, nor Pre=Argument Statement, nor Appeal and I'm
sure these parties do not share my fingerprints either, but I
~~will~~ show an exhibit pertaining to government and private
enterprise, in this reply in the exhibit section.

Misrepresentation is a very serious matter and I must
make it very clear, that a copy of the Appendix was sent by
me through registered mail to all the parties required in
complaint to receive copies, along with Appendix was sent
copy of Appeal also sent to Milbank, Tweed, Hadley, McCloy
and therefore the redundancy of their page 5 Brief for De=
fendants=Appellees to me implies a subtle attempt to ignore
contents of Appendix and thereby leaves question of material
that I submitted to them with full respect for the law and
feel that it should be very clear that what I submitted to
the court was equally sent by registered mail to all parties

mentioned in the complaint required to receive such papers, and if attorney's Milbank, Tweed, Hadley, & McCloy would like to be more specific in their redundancy as to claim I never submitted an Appendix I will be happy to begin a civil proceeding in a N. Y. S. Supreme Court for MISREPRESENTATION, submitting copies of my registered receipts for exact amount of postage along with copy of Appeal and Appendix for weighing to reaffirm exact postage before placing myself in a position where I could be held in contempt. Am submitting three envelopes of unopened contents as exhibits of Appeal and Appendix refused by parties to whom they were addressed which required me to sign receipts upon risk of having material thrown away, both my name and the effect registered mail returned to me because parties refused. Am submitting also an exhibit of one process service that did not service papers they were paid to service, indicative of the kind of mob pattern N. Y. Post connected Cox family with.

CONCLUSION AND PROPOSED ORDER

The United States District Court for the Southern District of New York did not grant Costs:

ORDERED: United States Court of Appeals go one step further by awarding me damages on the basis that my civil rights have been deprived 42 U. S. C. § 1983 submitted immediately after being hit from behind while in a moving car. It may not be as effective as some other complaints that can be applied to my complaint in terms of fines as an example, but nonetheless effective. I felt my life was sufficiently in danger when hit

by a car while in a car and my life is sufficiently in danger now as you can see from pornographic film solicitation exhibit submitted in my Appeal, which I offset before handing over to the Post Office on Church Street filling out three postal forms.

ADJUDGED damages in the amount of () to be decided by court the families of Rockefeller, and Schuyler=Cox, only of those mentioned in Complaint and other papers, should be required to pay Plaintiff=Appellant.

ORDERED that Warrant of Arrest be issued for refusing to accept Appeal and Appendix sent by Plaintiff=Appellant and thereby in defiance of the law, (Complaint ^{were} ~~was~~ delivered to the office of Howard Cox April 1, 1975 by the U. S. Marshall) TO Anne Schuyler Cox, Howard Cox and Edward Finch Cox, for the above reason stated and also because these people refuse to be responsible for their actions and therefore unfit to continue the freedom of private citizen first class. How can I say that I have a post office box and must be responsible for it, and that I cannot live in a fantasy land and accept or refute whatever I feel regardless of the reality of the situation.

ORDERED for Nelson Rockefeller to step down from his Vice=President position and give answers to the entire incident that took me to New Jersey and brought me back with a Daily News headline over the death of a girl whose name in German is my mother's maiden name Fleischer, a trip that took me under Madison Square Garden while Ronan went before Rockefeller appointments and financial generosity.

As it stands, Patricia Sullivan, last name of forefather of Edward Finch Cox, Samuel Sullivan Cox, nickname "Sunset" allegedly killed by Mr. Nicola, latter part of last name, that of soda.

As it stands, Rosann Quinn last name of teacher in P.S. 15 when I attended allegedly murder committed by Mr. Wilson, name of a whisky, who unfortunately committed suicide before coming to trial.

As it stands, Miss Levy murdered by alleged "Bill Lacey" turned out to be one gas station operator while sketch of alleged driver matched Edward Finch Cox more accurately.

ORDERED that that these cases be reopened so that further investigation might proceed, beginning by questioning Edward Finch Cox as to his possible presence at time of these crimes with documentation to establish whereabouts in the way of pay check, school attendance, etc.

As is, letter from Wallkill State Prison, N. Y. S. pertaining to Donald Rush who swindled one Lenore Fischer, Fischer being one of the family names of Nicola, the man arrested for the killing. The prison letter exhibit is in the Complaint, the swindling of Lenore Fischer I found out about from the D. A. office in Queens. At the time I had been swindled out of a juke box I bought to prove annoyance in whatever way I could by Edward Finch Cox whose father-in-law appointed Kenneth Rush to Federal position. The death of Patricia Sullivan at Post College sent Richard Nixon into a hospital and expedited sale of N. Y. penthouse which sale he did not properly record on

his tax returns, one of the things that defeated him in the end and forced him into a resignation because he could not keep his office due to impeachment proceedings at overwhelming odds against him.

Death of Roseann Quinn, at that same time received a letter, the envelop carried apartment 2D on it, received 2 D's as grades and deposited \$1.00 on January 9 and shortly after received 1.00 cumulative average while that bank had been robbed one month prior. At the same time I received mail order solicitation from MAN/A SETT PUBLICATIONS.

If we can put aside hiding behind a lot of gas I can state with exhibits enclosed F. A. L. N. with omission of L O is the name of a character in a play I wrote years ago and the name of a street in California with the numbers 1078, (10) for Alexander Hamilton, note Bill Lacey in reference to Levy murder and (78) for Article 78 proceeding I have over a matter pertaining to education and rules. Years ago Edward Finch Cox gave me a note in a bar, I was there with a girl I knew for many years from school and he was there with another fellow. 1078 Fallon St. is the address of unsolicited mail containing word P. O. W. E. R. Note that an army arsenal had been robbed of ammunition. Plutonium taken from a nuclear reactor, plutonium is used in nuclear weaponry.

Note that while the U. S. Marshall had not served Complaint/ to Cox family I received unsolicited mail on envelop it said Port Paye, this had something to do with loose change, consult slug, one vending exhibit for a juke box, note F. A. L. N. note found in telephone booth, nothing more than a slug.

Note Hedley on name of process service receipt as attorney for new service which was to deliver papers pertaining to my Article 78 proceeding and did not do so therefore I had to offset additional copies of papers to be served and sent them registered myself.

My civil rights are every bit deprived even now as I am writing the Academy For Home Study extension of the LaSalle University extension has not sent my records. However New York City Community College finally sent a transcript of my grades almost seven weeks later, this is railroading, and only a minor part of the conditions suffered and the cause of my grievance.

Exhibits on following pages.

I CAN MAKE YOU APPEAR TO BE A MILLIONAIRE IN JUST SIX WEEKS!

My name is Hugh Collier. I am an accountant, auditor and financial consultant. Over the years I have learned something that has changed my life and that of my clients.

What I mean is that it is possible to create the illusion of great wealth in a very short time.

When I use the word illusion, I mean just that. I use what is called "eversional resourcefulness" to create the situation. E/R is financial sleight of hand. Eversion means turning something inside out, making it appear to be just the opposite of what it is. And, using loopholes and taking advantage of financial leverage it is possible for anyone to create the illusion of great wealth in a very short time.

There is an old saying: "It takes money to make money." In today's financial environment it takes only the "illusion of money" to make money. Today, most money is merely a bookkeeping entry. Nothing changes hands but scraps of paper, and that situation makes E/R both possible and plausible.

People believe what they see and hear. People believe what they see and hear. People believe what they see and hear.

For example, if you had a neighbor who lived in a \$100,000 home, drove a luxury car, had offices in a high rent building, belonged to the Country Club, and was frequently mentioned in society columns of the newspaper, you would have to believe he was wealthy. It's human nature to judge people by external appearances.

I have had clients who lived just that way, yet when they started, they had fewer real assets than the man who collected their garbage.

So, a person who appears to be wealthy can operate in exactly the same manner as the person who is actually wealthy. He can have opportunities opened up to him that would not otherwise be possible.

By starting out to appear wealthy, he can soon actually become wealthy because money flows to successful people. Others want to invest with you, and have you let them in on your deals, while paupers, no matter how good their ideas are, are turned away. E/R then, capitalizes on human nature, and human greed.

I can make it possible for you to don the mantle of a millionaire no matter what your present situation, occupation or past history. E/R will enable you to move into a luxury home with no money down, drive a luxury car for which you pay nothing, enable you to walk into a bank and get a \$5,000 signature loan, move in the top financial and social circles of your community at will. In short E/R will give you everything the millionaire has, except the million dollars... and it will even provide the opportunities to get that as well. E/R covers your tracks if necessary; misdirects credit investigations; it will even show you how to disappear and become another person to start over again free of past obligations if necessary.

E/R is not illegal unless it is used with the intent to defraud. It may be immoral to some, but morals are something each person must decide for themselves. For example, the recent dollar devaluation (costing all of us 10% of the

value of everything we own) was caused in large measure by American corporations borrowing money from American banks to speculate in the foreign exchange market, making millions for themselves at our expense. Was this immoral, who is to say? Is it immoral for corporations to use every accounting trick in the book to deceive investors about the true worth of a company? Is an individual doing the same thing less moral? Are politicians who lie and cheat and steal to get elected any different than a man pretending to be something he isn't? In short, almost all business is done on illusion. E/R just juggles the books for you instead of a large company.

I have put all the E/R techniques that I know into this book. I have put all the E/R techniques that I know into this book.

I am going to give you an example of just how POWER works in practice. I had a client who worked in a Nevada Casino for less than \$200 a week. She had a tax problem when she came to me. I learned she hated her job, was a fantastic interior decorator, but had no schooling, no degree, no work experience in the field. I put E/R to work. I got her a college degree (it was legal). I built a past work record (it was illusionary). I got her letters of recommendation from actual people, and created an illusion of financial success around her. She applied to a top manufacturer for a \$20,000 a year job. They were so impressed with her credentials and present financial situation, we negotiated her a starting salary of \$30,000. Today she makes \$50,000 working for the same firm. If she had applied as a card dealer, she would have been tossed out the door. Was anyone cheated? Did anyone lose anything? No, E/R provided something she needed, and the company that hired her got what they wanted. Everyone was happy.

I had a very attractive business deal when I was starting out. I tried to interest people in investing in it, and they all turned me down. Then, in desperation (I didn't understand E/R then), I rented an entire building on the cuff, filled it with top quality furniture and fixtures; hired fifteen temporary office girls to fill the desks, and brought in interested investors to look at my E/R prepared balance sheet. I sold 100 franchises in just 21 days. Why? Human nature! They would not buy my word that something was good, only the illusion of success already created by E/R. Incidentally I got \$250,000 in stock of a large corporation who took over that operation. My total cash investment was \$175.

I have put all the E/R techniques that I know into this book. I have put all the E/R techniques that I know into this book.

Here is what POWER can do for you. Raise your standard of living at once to a point where you will never again want for material things. Allow you to move in the top financial and social circles of your area to find the opportunities that will make you a genuine millionaire.

Each of these E/R techniques is fully explained. You get detailed, step-by-step instructions on how to make them work. The same instructions I gave my clients, and for which they paid me \$100 an hour to hear. When you have this program you have everything you need to start a new lifestyle, and even gain great wealth.
